Objective

Transitioning from a successful mechanical engineering background to computer science, currently pursuing B.Tech in CSE. Looking for roles in software development where I can apply my analytical and technical skills in real-world applications.

Education

Bachelor of Technology (B.Tech), Computer Science Engineering Data Science JSS Academy of Technical Education, Noida 2023-present

Diploma in Mechanical Engineering Eshan College of Engineering, Mathura 2014-2017

Technical Skills

Programming Languages: C++, Python, JavaScript
Web Development: HTML, CSS, React (Basics), JavaScript
Tools/Platforms: Git, VS Code, MySQL
Other: MS Office, AutoCAD, NDT Level 2 (from mechanical background)

Projects

E-Book store [HTML, CSS, JavaScript]

- This project proposes developing a web application for an online bookstore to address issues with managing physical bookstores and to provide customers with a way to purchase books online anytime.
- Front-End

Portfolio [HTML, CSS]

- Designed and developed a fully responsive personal portfolio to showcase technical projects, resume, and contact information.
- Implemented smooth navigation, project filtering, and a contact form using React components and styled with CSS

Extracurricular & Certifications

Tata Data Visualisation: Effective Insights Job Simulation on Forage (JUNE 2025)

- Completed a simulation involving creating data visualizations for Tata Consultancy Services.
- Prepared questions for a meeting with client senior leadership.
- Created visuals for data analysis to help executives with effective decision making.

Deloitte Australia Cyber Job Simulation on Forage (JUNE 2025)

- Completed a job simulation involving reading web activity logs.
- Supported a client in a cyber security breach.
- Answered questions to identify suspicious user activity.

Experience

Product Photographer, Photo Editor and Client Coordinator – Kanu Exports Agra, UP (2020–2023)

- High resolution images of handmade carpets using professional lighting to accurately represent color and texture.
- Edited photos in Adobe Photoshop/Lightroom for clarity, background removal, and color correction tailored for e-commerce platforms.
- Delivered optimized, platform-specific images with organized file naming, cataloging, and cloud-based delivery for international clients.
- Ensured fast turnaround without compromising quality, resulting in repeat business and strong long-term customer relationships.
- Interacted with international clients at various trade fairs, presenting products and answering queries professionally.

Technician Apprentice – IOCL

Guna, MP, (2018)

- Supported quality checks and ensured compliance with safety standards.
- Learned fundamentals of industrial machine operations and preventive maintenance.
- Assisted senior technicians/engineers in routine maintenance and repair of mechanical equipment.
- Read and interpreted technical drawings and blueprints to assist in fabrication and fitting tasks.

Certifications

- Python – Simplilearn , 2024
- SQL – GUVI, 2025

Interests

- Photography and editing.
